JC Comments 24 January 2018:

I would like to take this time to thank Capital Homecare for facilitating the care for my grandmother DC. I am particularly appreciative of Barlin and Najia for their excellence caring for my grandmother. It was a pleasure meeting them and seeing their interaction with her even at times she gave them a hard time. They were patient talking with and cheering her up. Thanks again for an excellent job.

Sincerely yours

JC

CG Comments 02 February 2018:

Dear Mustafa,

I cannot express yet my gratitude to you for sending us Khalid, who looked after my husband with such care and patience and respect. He was my rock each day, always there and willing to come whenever he was needed. I have just sent him a text asking him if he would come to "M" funeral on Friday, February at 1:30pm, so I hope you will agree to release him for those hours.

My heartfelt thanks for encountering your agency and Khalid.

With best regards,

CG

Dear Capital Homecare,

I have just finished my six week reablement package, having come out of a two month stay in hospital. During these past six weeks, I was lucky enough to have as my carer Fartuun. She has been superb, and has helped me get up in the morning, and have my breakfast. In the evenings, she has learned how to manage my overnight feeding machine and my ventilator bipap machine. I couldn't have managed without her.

The most important requisite of all is that she is unfailingly cheerful, and makes you feel better just by being there. I cannot praise her highly enough.

Yours sincerely,

JC Comments 2 April 2018 (my late mother):

Hi Mustafa,

Further to the passing of my mother, D, I would like to say how lucky we were to have Ruumi from your company look after her when she came out of hospital. Ruumi showed my mother great respect and kindness. They developed a special bond which was lovely to see. When mum came home last month, Ruumi turned up with a beautiful bouquet of flowers for her which was so kind. She cared so much in the last couple of days of mum's life and was devastated when mum passed away.

I wanted you to know how special Ruumi is – she is an asset to your organisation.

With kind regards,

JC

PM Comments 19 April 2018:

Hello Mohamed,

For your information, I was contacted by the district nurse M Assigned to Mrs PM. She stated that she was very pleased with the way the care workers (Suhur & Sahra) handled Mrs PM's pressure sore. Due to their hard work her pressure sore is almost fully healed and wanted to inform the management of this compliment.

Kind regards

Nawal.

Family Comments 28 April 2018:

Dear Capital Homecare,

As mentioned when I spoke on the phone the other day with Rahma, I wanted to take this opportunity to place on record our appreciation for the carers, Deqa, Suad and Bilan, who come regularly to us to care for my mother, AB. It was only after my Mum had a stroke that any suggestion of her having carers arose and so when she was coming home from hospital we were a little apprehensive. But from the moment they first arrived I can say that we took them to our hearts. No words would be enough to express how happy, satisfied and grateful we are with Deqa, Suad and Bilan's work and attitude. Not only are they completely reliable and their work of the highest standard, but they bring warmth and joy, kindness, cheerfulness and love into our home, to my Mum and to everything they do. Mun truly loves them and looks forward to their visits as the highpoint of her day. I am very grateful to you for sending such wonderful people to help us and it makes a real and positive difference to our lives. I was asked on the phone how I would mark them between 1-10 and I suggested 100. I made a mistake. It should be at least 10,000. I would be really grateful if our appreciation could be noted by you and formally passed on to Deqa, Suad and Bilan.

Thank you once again.

Yours sincerely,

KB.

Re: Care of my mum:

I would like to take a minute to show my appreciation of the exceptional care that is given to my mother by her carers Sahra and Cusmar. My mum's care package started March 12th after quite a long spell in hospital. Sahra and Sharifa were her first carers and started the evening she came home (mum never had carers before). The patience, care and attention that they bestow on my mum each day are nothing more than wonderful. They care for my mum as if she was their mother. My sister's and my self are grateful for a set of wonderful loving carers. They're very honest and trustworthy workers. Both Sahra and Sharifa are excellent workers and we hope that they will be with mum for the foreseeable.

Thank you

IA's NOK Comments 19 July 2017:

Good Afternoon Mustafa,

I trust the e-mail finds you will.

Based on our discussion on Tuesday, my father would like to retain Idris as his permanent carer until further notice. My father appreciates Kamal's services for the pass year or so very, very much and wishes him good luck in all that he does. With Idris my father says he's a bit older and he is comfortable with him more. My father also said that in the event of cover needed he will be happy to have Kamal as his cover.

Finally, my father said he was very happy with Lola the Nigerian carer who covered Amal. He said if Amal cannot cover, he is happy with Lola. Daddy loves Amal and sees her as his daughter. I hope all is clear, if not please do not hesitate to contact me on my mobile number.

Once again, we are happy and appreciate that services of Capital Homecare.

Best Wishes.

Dear Mustafa,

Your Care Assistant Oland:

I am writing to let you know what an excellent caring and professional person Oland, your Carer, is. She has been caring for my mother Mrs FA. I have never known her to raise her she's always on time (when late there is a good legitimate reason) and she goes above and beyond by helping me with washing dishes, hanging yup laundry preparing snack of my mother and always asking sure she leaves the house only after she has given medication if necessary and leaves my mother with water (very important so she does not become dehydrated), and fruit. She does may other little things.

Kind regards
Ms AEA.

My mother receives the best care possible from every carer that has been sent to meet her needs. They have always been respectful and would sometimes go over and beyond our expectations. The M's family is happy with the carers. They are very clean, punctual and professionals. Every day they have a routine: they help my mother-in-law to get out of bed, take her to the bathroom, clean, wash and change the dresses. They tell us when my mother-in-law need some things. In the night they made a similar process.

We are happy with them.

I have been with your company for over three years now. The carers visit four times a day with two carers each visit. The carers are all respectful and understand my needs. I have never not had a visit and if a carer is away then cover is arranged.

To Whom It May Concern,

It is with great pleasure that I write to you about the carer (her name is Edith) that you supplied for my mother Mrs. MR. She is excellent. She has developed a very good rapport with my mother who now looks forward to seeing her daily. She handles my mother with a gentleness and understanding that my mother responds to very positively, I could not have wished for better person to care for my mom.

Many thanks to the Agency. Keep up the good work.

Yours truly,

LP's Comments 18 December 2017:

Hi Cynthia,

As you know my mum went into a care home this morning so we do not require your services anymore. I would just like you to know, that her carer, Fartuun, has been an excellent carer for mum the past year. She was always very patient, even when mum showed challenging behaviour i.e. shouting!

I know I could always rely on her and this meant a lot as we don't live local to mum. The person who will replace mum will be very lucky to get Fartuun.

With my very best wishes,

LP

Ps: if you need to contact me do not hesitate.
